

Safety Data Sheet

1. Identification of the substance/mixture and of the company/undertaking

Trade name

pro clima DA
pro clima DA connect

- Relevant identified uses of the substance or mixture and uses advised against
- Application of the substance/the preparation

No further relevant information available.

Sealing.
Weather Resistive Barrier.

Details of the supplier of the safety data sheet

- Manufacturer/supplier

Australia:
15-21 Doody St Alexandria, Sydney, 2015
PO Box 924, Gosford, NSW 2250
1800 PRO CLIMA (776 254)
welcome@proclima.com.au
www.proclima.com.au

New Zealand:
7 Daly St, Hutt Central, Lower Hutt 5010
PO Box 925, Wellington 6140
0800 PRO CLIMA (776 254)
welcome@proclima.co.nz
www.proclima.co.nz

Emergency telephone number:

Australia:
Poisons Information Centre (National)
13 11 26 (24hrs)

New Zealand:
National Poisons Centre
0800 764 766 (24hrs)
0800 POISON

2. Hazards identification

<p>Classification of the substance or mixture</p> <ul style="list-style-type: none"> • Classification according to Regulation (EC) No. 1272/2008 • Classification according to Directive 67/548/EEC or Directive 1999/45/EC • Information concerning particular hazards for human and environment <p>Label elements</p> <ul style="list-style-type: none"> • Labelling according to Regulation (EC) No 1272/2008 • Hazard pictograms • Signal word • Hazard statements <p>Other hazards</p> <p>Results of PBT and vPvB assessment</p> <ul style="list-style-type: none"> • PBT • vPvB 	<p>The product is not classified according to the CLP regulation.</p> <p>Void.</p> <p>The product does not have to be labelled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version.</p> <p>Void.</p> <p>Void.</p> <p>Void.</p> <p>Void.</p> <p>Not applicable.</p> <p>Not applicable.</p>
---	---

3. Composition/information on ingredients

<ul style="list-style-type: none"> • Chemical characterisation • Description • Dangerous components • Additional information 	<p>Mixtures.</p> <p>Composite material.</p> <p>Void.</p> <p>For the wording of the listed risk phrases refer to section 16.</p>
--	---

Wall Weather Resistive Barrier

4. First aid measures

Description of first aid measures

- General information
- After inhalation
- After skin contact
- After eye contact

- After swallowing
- Information for doctor

- Most important symptoms and effects, both acute and delayed
- Indication of any immediate medical attention and special treatment needed

No special measures required.

Not applicable.

Instantly rinse with water.

Rinse opened eye for several minutes under running water then consult doctor.

Seek immediate medical advice.

No particular measures are known - treat according to symptoms.

No further relevant information available.

No further relevant information available.

5. Firefighting measures

Extinguishing media

- Suitable extinguishing agents

- For safety reasons unsuitable extinguishing agents
- Special hazards arising from the substance or mixture

Advice for firefighters

- Protective equipment
- Additional information

CO₂, extinguishing powder or water jet.
Fight larger fires with water jet or alcohol-resistant foam.

Water with a full water jet.

Formation of toxic gases is possible during heating or in case of fire.

Do not inhale explosion gases or combustion gases.

Dispose of fire debris and contaminated firefighting water in accordance with official regulations.

Wall Weather Resistive Barrier

6. Accidental release measures

- Personal precautions, protective equipment and emergency procedures
- Environmental precautions
- Methods and material for containment and cleaning up
- Reference to other sections

Ensure adequate ventilation.

Do not allow product to reach sewage system or water bodies.

Collect mechanically.

See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for information on disposal.

7. Handling and storage

Handling

- Precautions for safe handling
- Information about protection against explosions and fires

Conditions for safe storage, including any incompatibilities

- Requirements to be met by storerooms and containers
- Information about storage in one common storage facility
- Further information about storage conditions:
- Storage class
- Specific end use(s)

No special precautions necessary if used correctly.

No special measures required.

No special requirements.

Not required.

None.

11.

No further relevant information available.

Wall Weather Resistive Barrier

8. Exposure controls/personal protection

- Additional information about design of technical system

Control parameters

- Components with limit values that require monitoring at the workplace

- Additional information

Exposure controls

Personal protective equipment

- General protective and hygienic measures
- Breathing equipment
- Recommended filter device for short term use
- Protection of hands

- Material of gloves

- Penetration time of glove material
- Eye protection
- Body protection

No further data; see item 7.

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

The lists that were valid during the compilation were used as basis.

Not applicable.

Not applicable.

Not applicable.

Protective gloves.

The selection of suitable gloves depends on the material and on marks of quality, which vary between manufacturers. As the product is a preparation of several substances, the resistance of the glove material cannot be calculated in advance. Glove resistance and suitability should therefore to be checked prior to the application.

Not applicable.

Not applicable.

Protective work clothing.
