6. Accidental release measures

- Personal precautions, protective equipment and emergency procedures
- Environmental precautions
- Methods and material for containment and cleaning up
- Reference to other sections

Not required.

Do not allow product to reach sewage system or water bodies.

Collect mechanically.

See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for information on disposal.

7. Handling and storage

Handling

- Precautions for safe handling
- Information about protection against explosions and fires

Conditions for safe storage, including any incompatibilities

- Requirements to be met by storerooms and containers
- Information about storage in one common storage facility
- Further information about storage conditions
- Storage class
- Specific end use(s)

No special precautions necessary if used correctly.

No special measures required.

No special requirements.

Not required.

None.

8. Exposure controls/personal protection

- Additional information about design of technical system

Control parameters

- Components with limit values that require monitoring at the workplace

- Additional information

Exposure controls

Personal protective equipment

- General protective and hygienic measures
- Breathing equipment
- Protection of hands
- Material of gloves
- Penetration time of glove material
- Eye protection
- Body protection

No further data; see item 7.

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

The lists that were valid during the compilation were used as basis.

10. Stability and reactivity

Reactivity
Chemical stability

- Thermal decomposition / conditions to be avoided
- Possibility of hazardous reactions
- Conditions to avoid
- Incompatible materials
- Hazardous decomposition products

No decomposition if used according to specifications.

No dangerous reactions known.

No further relevant information available.

No further relevant information available.

No dangerous decomposition products known.

11. Toxicological information

Information on toxicological effects
Acute toxicity

- Primary irritant effect on the skin
- on the eye
- Respiratory or skin sensitization
- Additional toxicological information:

No irritant effect.

No irritant effect.

No sensitizing effect known

The product is not subject to classification according to the calculation method of the General EC Classification Guidelines for Preparations as issued in the latest version:

When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

12. Ecological information

Toxicity

- Aquatic toxicity
- Persistence and degradability

15. Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture.

National regulations

- Water hazard class
- Chemical safety assessment

Generally, not hazardous for water.

A Chemical Safety Assessment has not been carried out.
